1918 Norfolk and Portsmouth City Directory

NOW THAT THE NEW DIRECTORY IS OUT

TAKE THE OLD DIRECTORY HOME

YOUR WIFE

will find the names and addresses of many friends,
She will tell you that the Directory is just the thing
for invitation lists.

YOUR DAUGHTER

will be glad to have ready information on how to
get to strange addresses, Church Data, Club and
Organization Statistics, Postal Regulations, Etc.

YOUR SON

will find it both interesting and instructive. When
he grows up he will know where to quickly find in-
formation business men need.

YOUR MOTHER

will read the carefully prepared introduction and
marvel at the way the city is changing.

YOU

may use it yourself to settle the identity of persons
mentioned in newspapers; discussions that come up
in the homes, and for many other purposes. Try it.

NORFOLK, VIRGINIA

PORTSMOUTH

COUNTY SEAT OF NORFOLK COUNTY.

Third city in the State in point of population and occupies a location naturally fitted for a great city on the western shores of the great harbor of Norfolk—Portsmouth eight miles from Hampton Roads and 200 miles from Washington. Being situated on the mainland side of the larger water courses with no draw-bridges and navigable streams to cross it is looked upon as ideally the great seaport city of the middle Atlantic states.

Population: (1870) 10,590, (1880) 11,390, (1890) 13,268, (1900) 17,427, (1910) 33,190, (1915) 39,561 (1918) 51,000. The color and sex percentage—White 67%, Negro 33%, Males 61%, Females 43%.

Government: Is vested in a council of seven (7) elected by the people regardless of Ward lines. The chairman of the council is in all respects Mayor, excepting he is without the power to veto. This council elects a manager for an indeterminate period, whose tenure of office is dependent upon getting satisfying results, he being the executive officer of the council—general manager of the city.

Finances: Real estate and personal property valuations total \$15,780,201 which together with railroad property assessments and the government holdings bring the total to \$40,780,201. The city assets are \$973,622.67 in excess of liabilities, as shown by the Treasurer's last statement. Included in the assets is the ferry privileges and plant—Portsmouth being half owner and receives an annual rental from the lessees of \$67,600. Portsmouth has many loan and financial institutions of various kinds and four banks, deposits of \$5,500,000 and resources exceeding \$7,500,000.

Parks: The most important of Portsmouth's pleasant grounds is the Naval Hospital Park almost in the heart of the city. It is bounded by the harbor on one side and the city on the other, comprises nearly 80 acres, and has two miles of automobile drives, bridle roads and a mile of foot walks and pavements. About half the area is woodland, in which the pine predominates, while many trees, shrubs and vines adorn the remaining grounds, with spaces reserved for tennis courts and base ball diamonds.

Water and Light: The water supply is one of the best in the State, and is drawn from a series of lakes 22 miles distant. After being sand filtered it is brought to the city in two underground conduits to a huge reservoir of 750,000 gallons and a 100 ft. standpipe capacity 530,000 gallons; thence it is distributed throughout the city by means of some 82 miles of underground iron pipes. Daily consumption 5,000,000 gallons. Daily capacity 13,000,000 gallons. The street and buildings have a dual system of lighting—by gas and electricity—the main thoroughfare however has a most attractive style of cluster lights extending for over a mile through the busy part of the city.

Streets and Sewers: The old part of the city is laid out with mathematical precision every other street, north and south, running in parallel lines and laid off in broad straight avenues, with cross streets very regular and at right angles, which is in contrast with much of the territory that has since been annexed to the city. The streets in the new additions in many instances are irregular at intervals and follow the shape of the tract rather than the continuity of the streets. Twenty miles of storm sewers and 26 miles of sanitary sewers together with 15 miles of house laterals and a double collateral tile soil drain, comprises the system that is employed, which is worked by compressed air discharging the effluent at the rate of 40,000 gallons per minute.

Education: The system of public education embraces the best in use throughout the larger cities of the country—manual training, mechanical drawing, sewing, cooking and commercial courses. 15 schools with 5,127 pupils and 126 well trained teachers represent the school system which is maintained at an approximate cost of \$100,000 annually. A fine new high school will be opened in the fall of 1918.

Institutions: King's Daughters' Hospital, The Portsmouth Public Library, Young Men's Christian Association, Home for the Aged, The Portsmouth Orphan Asylum, The Portsmouth Association of Commerce Catholic Club and the colored Old Folks and Orphans Home.

Churches: Portsmouth has 56 places of worship and 61 preachers and nearly 17,000 communicants or members, with church property valued at nearly \$1,500,000. The following ecclesiastical bodies are represented here—Baptist, Methodist, Roman Catholic, Protestant Episcopal, Presbyterian, Lutheran, Congregational, Friends, Hebrew, Seventh Day Adventists, Disciples or Christians, Church of God, Holiness bodies and Salvation Army.

Travel and Transportation: The South's three larger trunk lines have their terminals in Portsmouth, and transfer freight and passengers by ferry to Norfolk—these are the Southern Railway, Atlantic Coast Line Railroad and Seaboard Air Line Railway. General domestic travel is facilitated by the centering in this harbor of five other roads, and numerous steamship and steamboat lines, while foreign transportation is represented by many of the great transatlantic lines. The New York, Philadelphia and Norfolk R. R. (Penna. System), Norfolk and Western R. R., Chesapeake & Ohio Ry., Virginian Ry., and Norfolk Southern have terminals on the harbor, and all of them whether their terminals are in Portsmouth or not have physical connection via the Norfolk and Portsmouth Belt Line. This connecting link is "The Line that made Portsmouth Famous," by making possible a quick interchange of freight between the eight railroads, and twenty or more steamer lines, and incidentally building up a manufacturing zone. Portsmouth has electric railways running the length of the city on the principal thoroughways, and cross town lines, and extending out into the following thriving suburban villages—Pinner's Point, Port Norfolk, West Haven, Prentiss Park, Piedmont Heights, Taylorsville and Mount Hermon. The lines cover 31 miles of urban and interurban trackage, and hauled over 5,000,000 passengers last year.

Commerce: It is estimated by the U. S. Government authorities that the value of the traffic passing through this harbor during fiscal year approximated \$3,034,636,161.00 and represented 34,464,242 tons. Coal, cotton, fertilizer, forest and agricultural products, general merchandise, cotton seed oil products and many bi-products of the factories together with peanuts went to make up the tonnage. 700,000 bales of cotton were received during the year and upwards of 16,000,000 tons of coal were dumped at the Hampton Roads coal piers, while 4,706,124 packages of garden vegetables, value at \$12,000,000 were shipped to the northern markets. 1,279,253 barrels of potatoes and 849,382 barrels of spinach were the two larger items of vegetables. Customs figures to June 30th, 1917, show exports for the year \$59,089,046.00 and imports \$16,477,776, and the number of vessels that cleared totaled 3,781 of which 2,026 were in the foreign trade and

1,755 coastwise. Palatial steamers with daily sailings for Boston, Providence, New York, Philadelphia, Baltimore, Washington and Richmond make a fleet of vessels that carry besides passengers a large tonnage of general merchandise in the course of a year.

Manufacturers: 75 manufacturing concerns representing 42 industries have sprung up within a comparative short period, due to a manufacturing zone that followed the building of the Norfolk & Portsmouth Belt Line Railroad. This connecting line of five miles, dotted with switches and manufacturing plants, skirts the suburbs of Portsmouth, and requires the services of seven train crews to handle the switching and distributing of about 1,000 car loads of freight daily. Cotton seed oil products, soap for textile purposes, talcum powder, creosoted conduits, underwear, hosiery, excelsior, butter dishes, copper pigs (smelting), mattresses, tables, cotton seed hull products, paper boxes, blotting paper, truck packages, box shooks, dyeing, bagging, agricultural lime, etc., are among the items of 42 that are manufactured in the Portsmouth district.

Historical: Portsmouth was named after or rather for the city of that name in England. One of its notable features is the Navy Yard known officially as the Norfolk Navy Yard, although situated almost in the heart of the city. Built by the British in the 18th century, it was purchased by the U. S. in 1801. Burned by the Federals in 1861, it was rebuilt by the Confederates and held by them until Portsmouth was reoccupied by the Federals near the close of the war. In this connection a little matter of historical interest may be noted. At different times since this spot has been used as a ship yard five flags have been unfurled over its destiny, viz.—British, Colonies, Virginia, Confederate and United States. It is now the most important and the largest in the U. S., occupies 350 acres, and has three large dry docks, two of granite and one of timber, and a still larger one recommended by Naval Boards, and the Secretary of the Navy which it is expected will be built in the near future. In addition to shipbuilding and repairing war vessels, this station has been augmented by a Training Station, a Naval Magazine and a series of immense buildings as headquarters of the U. S. Marine Corps. The total cost to date of the Government holdings in the Portsmouth District approximate \$25,000,000, while it requires from \$6,000,000 to \$7,000,000 annually for the maintenance, upkeep and improvements constantly found necessary. The Government is at the present time enlarging the navy yard and spending million of dollars at Pig Point a suburb of Portsmouth for a great Ordnance Depot. The U. S. Naval Hospital was founded in 1828. In 1907 President Roosevelt unveiled a monument in the Hospital cemetery and there is a tablet in the pavement on High street commemorating the visit of La Fayette to this city in 1825. Grover Cleveland lived in this city when his father was pastor of the First Presbyterian Church.

PORTSMOUTH ASSOCIATION OF COMMERCE.

City Directory Don'ts

DON'T put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

DON'T think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your Directory.

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date city must have a Directory and a merchant that has no DIRECTORY is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Wilmington City Directory.

Beware

Of the fake directory man, he will get you sure if you have any dealings with him. Thousands of dollars are being collected by swindlers and nothing given in return. Unless you know the Directory people with whom you are dealing, refuse to sign any contracts or paid vouchers. If you are in doubt communicate with us.

NOW THAT THE NEW DIRECTORY IS OUT

TAKE THE OLD DIRECTORY HOME

YOUR WIFE

will find the names and addresses of many friends,
She will tell you that the Directory is just the thing
for invitation lists.

YOUR DAUGHTER

will be glad to have ready information on how to
get to strange addresses, Church Data, Club and
Organization Statistics, Postal Regulations, Etc.

YOUR SON

will find it both interesting and instructive. When
he grows up he will know where to quickly find in-
formation business men need.

YOUR MOTHER

will read the carefully prepared introduction and
marvel at the way the city is changing.

YOU

may use it yourself to settle the identity of persons
mentioned in newspapers; discussions that come up
in the homes, and for many other purposes. Try it.

E. M. GOULD, St Louis

W. G. TORCHIANA, Philadelphia

B. D. ANNEWALT, Cleveland

D. W. BOWMAN, Akron

A. B. BOYD, Reading

W. L. RICHMOND, Yonkers

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST:—To improve the directory business by the interchange of ideas, and by the exchange of competent employees

SECOND:—To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.

THIRD:—To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH:—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

\$ 1 0 0 R E W A R D

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph THEO. F. SMITH, Sec.-Treas., St. Paul, Minn. or
